**Bartonville Water Supply Corporation**  
 1911 East Jeter Road, Bartonville, Texas 76226-9401, (817) 430-3541  
**CUSTOMER SERVICE INSPECTION CERTIFICATIONS (Section 290.46) SURVEY FORM**

I \_\_\_\_\_, upon inspection of the private plumbing facilities located at :  
 (Service Address Required) \_\_\_\_\_

which is connected to BWSC water system, do hereby certify that, to the best of my knowledge:

- Reason for Inspection: New Construction . . . . .   
 Existing service where contaminant hazards are suspected. . .   
 Major renovation or expansion of distribution facilities . . . . .

	<i>In Compliance</i>	<i>Out of Compliance</i>	<i>New Construction Can Not Be Determined At This Time</i>
1. No direct connection between BWSC water system and a potential source of contamination exists. Potential sources of contamination are isolated from the public water system by an air gap or an appropriate backflow prevention assembly in accordance with Commission regulations. Additionally, all pressure relief valves and thermal expansion devices are in compliance with state plumbing codes.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
2. No cross-connections between the BWSC water system and a private water system exist. Where an actual air gap is not maintained between the public water supply and a private water supply, an approved reduced pressure-zone backflow prevention assembly is properly installed and a service agreement exists for annual inspection and testing by a certified backflow prevention assembly tester.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
3. No connection exists which would allow the return of water used for condensing, cooling or industrial processes back to the BWSC water system.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
4. No pipe or pipe fitting which contains more than 8.0% lead exists in private plumbing facilities installed on or after July 01, 1988.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
5. No solder or flux which contains more than 0.2% lead exists in private water distribution facilities installed on or after July 1, 1988.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
6. No plumbing fixture is installed which is not in compliance with a state approved plumbing code.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Are there any testable backflow prevention devices on premises? If so, Type: _____	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Tester Name: _____ Tester No.: _____			
Record Test Date: _____			

Where a serious threat to the public health or to the public drinking water supply exists, BWSC shall not provide water service or restore service to a private plumbing facility until the above conditions are determined to be in compliance.

I further certify that the following materials were used in the installation of the plumbing facilities:

Service Line To Structure	Lead <input type="checkbox"/>	Copper <input type="checkbox"/>	PVC <input type="checkbox"/>	Other <input type="checkbox"/>
By Plumber	Yes <input type="checkbox"/>	No <input type="checkbox"/>		
Solder	Lead Free <input type="checkbox"/>	Solvent Weld <input type="checkbox"/>	PVC <input type="checkbox"/>	Other <input type="checkbox"/>
By Plumber	Yes <input type="checkbox"/>	No <input type="checkbox"/>		
Service Line From Main	Lead <input type="checkbox"/>	Copper <input type="checkbox"/>	PVC <input type="checkbox"/>	Other <input type="checkbox"/>
By BWSC	Yes <input type="checkbox"/>	No <input type="checkbox"/>		
By Other	Yes <input type="checkbox"/>	No <input type="checkbox"/>		

I recognize that this document shall become a permanent record of the BWSC and that I am legally responsible for the validity of the information I have provided.
